

# Nissan Patrol

## FACTORY BUMPSTOP HEIGHTS

Vehicle	Front	Rear
2010-2011 GU Patrol	40mm	80mm
1998-2009 GU Patrol	50mm	90mm
1988-1997 GQ Patrol	65mm	100mm

Using the measurements above you can correctly calculate what size lift you have.

Above is where the measurements are to be taken from.

(Be aware that some vehicles may have the bottom of the bump stop broken off (see below), if this is the case you will need to remove 30mm from your total measurement.)

Lift Size	Tyre Size					
	31"	32"	33"	35" With STD offset rim	35" With LRG offset rim	37"
2" (50mm)	2"	2"	2"	2"	STD	STD
3" (75mm)	3"	3"	3"	3"	2"	STD
4" (100mm)	4"	4"	4"	4"	3"	2"
5" (125mm)	5"	5"	5"	5"	4"	3"
6" (150mm)	6"	6"	6"	6"	5"	4"
